MATANUSKA-SUSITNA COLLEGE
an extended college of the university of alaska anchorage

MSC Campus Newsletter

Study Tips

- Read ahead in your textbook.
- Form a study group.
- Have someone quiz you on the information.
- Make sure you don t study on an empty stomach.
- Make a list of the things you need to know.
- Find a quiet place to study.
- If you lose focus, STOP! Take a break, and then go back to studying.
- Make sure you get plenty of sleep.

December 2002

Welcome Students!

Campus Humor

You've Been In College Too Long If...

- Half the time you don t wake up in your own bed and it seems normal.
- You know the pizza boy by name.
- Looking out the window is a form of entertainment.
- It feels weird to take a shower without shoes on.
- You consider McDonald's Real Food.
- You find out milk crates have so many uses.
- Black lights and Highlighters are the coolest things on earth.
- You d rather clean than study.

Ad will be chosen randomly for each edition.

Do you have a good story?

If you have a good story, 500 words or less. Send a letter to the editor. We are looking for good clean humor, or campus related stories. Nothing too serious or depressing please. ☺

Brain Teasers

- When the day after tomorrow is yesterday, today will be as far from Wednesday as today was from Wednesday when the day before yesterday was tomorrow. What is the day after this day?
- We are little creatures;all of us have different features.One of us in glass is set;one of us you'll find in jet.Another you may see in tin,and the fourth is boxed within .If the fifth you should pursue,it can never fly from you. What are we?
- What is the beginning of eternity, the end of time and space, the beginning of the end, and the end of every space?

Answers to the brain teasers will be posted With the next edition of MSC Campus Newsletter.

Thanks to all the Students, Staff, and Faculty for your help making this Newsletter possible.

Reporters Wanted!

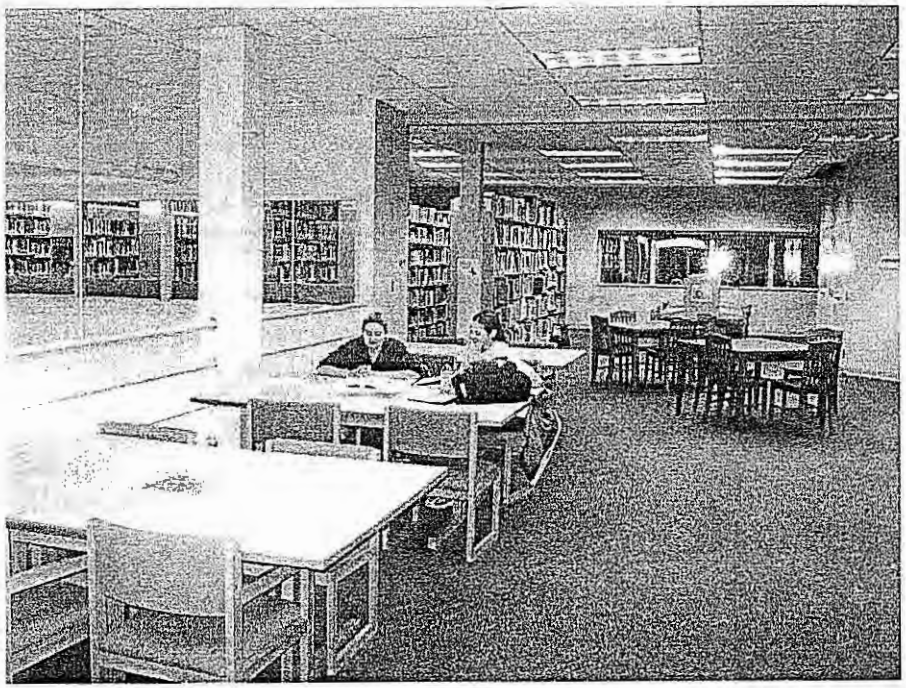
Needed: An interested student that is willing to explore the campus for interesting stories or information. If you are interested please contact me at pscpa@uaa.alaska.edu

Welcome Students

Story from page 1
By Clayton Allison
Hello students and faculty and MSC. Well, it is almost Christmas and still no snow. I know that many of you were looking forward to unpacking those skis or revving up that snow machine but it looks like we re all out of luck this winter. Finals are coming up, better eat your protein in the morning and chocolate later on! Speaking of finals, have you found your quite study place yet? Try the library, as you can see in this picture, some students are staking out their tables. Another good place to study is the Atrium with the aesthetic art to inspire you. Did you know that finals are the most stressful event in a college students life? Since finals are such a statistically high stressful event I implore you to look at our study tips. They may save you some trouble.

Another point to consider is your studying supplies. Need a cool pen? Looking for that elusive size of note card? Check out the campus bookstore! They have a great selection at low prices.

You should be relaxed and confident when you walk into that classroom. Knowing that you studied regularly weeks before the test. This will help you get that A you ve been working for.



One last thing to consider before finals is to relax the day before the test. Don t stress out and cram before the final. It will only make things worse.

If you are really desperate I suggest you check out our study buddy corner. There s nothing like a friend that knows what they re doing! Good Luck!
